Sewing Tool Case

Designed and shared
by Connie Watkins

Skill Level: Beginner

Another great fat quarter project! This simple little fabric tool case makes a great gift for bee mates and can be made by beginners as well as advanced sewers. Add trim around the edges if desired.

Materials Needed:

26" 1/4" Ribbon
Small piece of felt; 2" x 4" to 4" x 4"
13" x 10" Pellon® Fusible Fleece ™
1/2 yard OR 2 fat quarters main fabric
1/4 yard OR one fat quarter accent print for pocket

Tools Needed:

Sewing machine
Matching thread
Scissors

Optional:
Rotary cutting tools (ruler, mat and cutter)

Step 1: Cut 2 10" x 13" pieces from the main print for the backing and foundation. Cut 1 10"x13" piece from the accent fabric for the pocket. Cut 1 10" x 13" piece from Pellon® Fusible Fleece™.

Step 2: Cut a small piece of felt, or scrap of cotton batting, at 2" x 4" or 4" x 4".

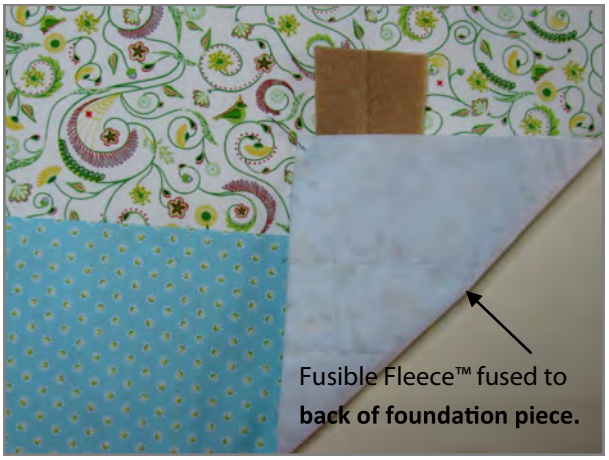

Step 3: Following the instructions that are provided with Fusible Fleece™, fuse to the back side of the backing fabric and set aside.

Step 4: To create the pocket, fold the accent print in half lengthwise, with wrong sides together, and press to crease.

Step 5: Align the cut edges of the pocket to the bottom of the foundation piece with the Fusible Fleece™ on back.

Step 3

Step 5

Step 6: Create sections in the pockets by stitching lines top to bottom. Back stitch at beginning and ending. Our example has three sections.

Step 7: Align the backing fabric to the foundation piece and pin in a few places. Stitch around all sides leaving a 3-4" opening to turn right side out. Back stitch at beginning and ending.

Step 8: Turn right side out and press to smooth edges. Fold under the opening and fasten with pins closing the opening.

Step 9: Top stitch closely along edges around all sides, closing the opening and □nishing the edges.

Step 10: Attach ribbon while stitching the small piece of felt in place. Fold your Sewing Tool Case into thirds and bring the ribbon around to the front to tie.

Step 10
