For machine applique, trace the templates onto the paper side of the Wonder-Under®. Refer to page 1 for fabric requirements. Iron the Wonder-Under® to the wrong side of the fabric for the eye, nose and hair triangles. Cut out the applique pieces. Remove the paper and fuse into place on the block following placement on page 1. Hair triangles may be placed randomly for an umkempt appearance. Finish the edge with either a straight or zigzag stitch.

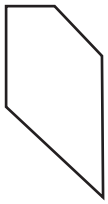

For hand applique, use the template below, add a scant seam allowance and stitch using a favorite applique method.

Optional: Eye may be embroidered or sewn with a button instead of applique. Embroider the witch's mouth with black floss or floche.
